Storage Unit Information

Half garage suits the contents of two-bedroom apartment or house. These units take a queen bed and mattress, a lounge suite, dining set, appliances such as washers, dryers and fridges and several boxes. For businesses, they hold six to eight pallets and are perfect for inventory

Tips:

Pack smart:
Stick to one or two box sixes, tape them securely and write labels on multiple sides. Place heavier on the bottom and lighter ones on top.

Use the height:
Stack boxes to the ceiling if possible, and sand couches or mattresses to save floor space

Keep a walkway:
Even in a small unit, a narrow aisle will save time and back pain when you need to find something.
